\*Mr. J. Watson

### *\* Trustees*

### SECRETARY:

MR. J. HAMMILL, J.P.

### HON. TREASURER:

MR. JOHN SAYWELL

ASSISTANT SECRETARY: Mr. GEO. HARPER.

### OPHTHALMIC AND AURAL SURGEONS:

MR. HUGH E. JONES,

MR. E. ALLAN and MR. J. E. G. McGIBBON (Assistants).

### GYNÆCOLOGIST:

DR. J. W. BURNS.

### HOUSE SURGEON:

DR. J. SWAN.

### MATRON:

MISS A. PEARCE.

# The St. Helens Hospital.

## CONDITIONS OF ADMISSION.

1. Patients, other than Weekly Subscribers, must contribute One Shilling a Day or more (according to their circumstances) to the Funds of the Hospital.

2. The Weekly Subscribers of Twopence per week (or One Penny in the cases of Women and Apprentices) and their wives and children under 14 years of age are admitted Free of Charge. These Subscribers are also entitled to the benefits set forth, in addition to the ordinary Hospital treatment.

3. Accidents admitted at all times.

4. A Doctor's Certificate as to the suitability of the cases for admission, and in the case of Weekly Subscribers a Certificate that they are Subscribers, are necessary in all cases.

5. Infectious Diseases cannot be admitted.

6. Each Patient is expected to bring a change of linen, towels, soap, brush and comb, tooth brush, and slippers when possible.

7. Patients are required to leave the Hospital as soon as certified by their Medical Attendant as fit to leave, and in no case can the stay in Hospital be continued longer than three Calendar Months, except by the special permission of the Committee.

8. Each Patient in Hospital must observe such regulations as may be made by the Committee and must obey the instructions given by the Resident Medical Officer and the Matron, and assist in keeping order in the Hospital.

9. Visitors are admitted on the afternoons of Wednesday and Sunday, between the hours of two and four (but not more than two visitors may be with one patient at one and the same time). On Saturday evening from 6 to 7, husbands may visit their wives, and men, who by reason of their work cannot attend on the ordinary visiting days, may visit their relatives. Other visits are not allowed except by permission of the House Surgeon or Matron.

## BENEFITS TO WEEKLY SUBSCRIBERS.

1. Mr. Hugh E. Jones, surgeon to the Liverpool Eye and Ear Infirmary, and Consulting Ophthalmic and Aural Surgeon to the Wigan Infirmary, and two Assistant Surgeons, attend at the Hospital every Thursday afternoon, from 2 o'clock, to advise as to the treatment of Eye, Ear, Nose and Throat cases, and Weekly Subscribers and their families will be entitled to such treatment free of charge, on the recommendation of their Medical Attendant.

2. Dr. J. W. Burns, of Liverpool, Gynæcologist, attends at the Hospital for the special treatment of wives of Subscribers, and Women Subscribers, free of charge.

3. Patients admitted to the Hospital who are Weekly Subscribers will be sent to the Devonshire Hospital, Buxton, to Southport, Woolton, or some other Convalescent Hospital, whenever their Medical Attendant considers it desirable, all charges (including travelling expenses) being defrayed by the Hospital.

4. Men and Women who have been weekly subscribers to this Hospital for a period of not less than twenty years are entitled, if prevented from continuing in work through old age or incapacity, to all the privileges granted to present weekly subscribers without payment of further contributions.

# COMMITTEE'S 55th REPORT.

The Committee has pleasure in presenting the Report for the year 1927—the 55th Annual Report.

There has been a further increase in the number of cases treated as shown below:—

		Cases.		Patient Days.
In-Patients.	1927—	3,067	...	45,262
	1926—	2,546	...	37,315
Out-Patient Attendances:—				
		Eye & Ear.	Gynæcology.	Massage.
	1927—	4,478	207	4,104
	1926—	4,358	190	4,789

## INCOME AND EXPENDITURE.

ME AND EXPENDITURE.		1927		1926	
Income from all sources ...	£15,508 15s. 3d.	£12,223 0s. 0d.			
Expenditure ... ..	£17,698 6s. 6d.	£14,447 2s. 2d.			

The Income is therefore £3,285 15s. 3d. larger than in 1926, when it was reduced by loss in Workmen's Subscriptions caused by a stoppage of the Collieries. All the items show an increase over 1926.

The Expenditure is increased by £3,251 4s. 4d., which is no doubt owing principally to the opening of the Maternity Wards. In this case, all the items show an increase over 1926.

## MATERNITY BLOCK.

The demand for beds in this block has justified the Committee's decision, in 1925, to add in this way to the services of the Hospital and the Maternity Department's work is being more and more appreciated as time goes on.

Five Beds are used by patients sent by the local Health Authority and the rest are taken by the wives of our subscribers.

## RETIREMENT OF MISS OATES.

Miss H. R. Oates, R.R.C., resigned her position as Matron at the end of May, after holding it since 1895. Miss Oates saw the Hospital enlarged from one of fifty beds to one of one hundred and thirty-four beds. Also during her time there were erected a building for the Eye and Ear Department, a Nurses' Home, and a new laundry, and other extensions which were necessary and consequent on the gradual growth of the population of St. Helens. In all these extensions her wide knowledge and experience were of great assistance to the Committee. Miss Oates' care for the patients will long be gratefully remembered.

## APPOINTMENT OF NEW MATRON.

The Committee has been fortunate in securing the services of Miss A. Pearce, who took over the Matron's duties in June. Miss Pearce came to us from Belfast, where she held the post of Matron at the Maternity Hospital in that city. She has also worked in large hospitals in this country, including the Erdington Infirmary at Birmingham, and has gained the experience which is necessary for the successful management of an important Hospital such as ours.

## RETIREMENT OF SISTER LEWIS.

At the end of the year, Sister Lewis, the Assistant Matron, who had been associated with Miss Oates for many years, went into retirement. She, too, had given willing and valued service to the patients and the Hospital.

Members of the Committee, and many friends, joined in making presentations to Miss Oates and Sister Lewis.

### **ELECTRO-MASSAGE AND RADIO TREATMENT.**

The services of this Department have been enhanced and the advantages to subscribers and others have been further increased by the purchase and use of ultra-violet ray lamps.

### **NEW X-RAY APPARATUS.**

A special building has been erected during the year to accommodate the new X-Ray plant, which is of the latest design, giving the highest power generally used for radiographs. This apparatus will soon be in use.

### **OPEN-AIR WARD.**

On the roof of the building for the new X-Ray apparatus, there will be room for seven beds. The flat roof will make a very suitable place for this small, but useful, open-air ward.

### **LINEN GUILD.**

The Ladies of the Committee have founded a Linen Guild. The Mayoress (Mrs. R. Waring) very kindly arranged for the preliminary meeting at the Town Hall and presided at that meeting. The Guild will prove to be a most important auxiliary. Its work will be of considerable benefit to the patients and to the Hospital, and the Committee is grateful to all the ladies who have assisted, and on its behalf, asks for the assistance of other ladies who may not yet have heard of this splendid organisation.

### **SERVICES—AND THE NEED FOR MORE SUBSCRIPTIONS.**

Good work has again been done by the Hospital during the past year. The Committee wishes that this fact were more generally appreciated so that the funds which are necessary for the maintenance and extension of the services of the Hospital might be more readily augmented. Though much has been done already, more could be done to the advantage of the town and district. The Committee need hardly remind readers that this is a voluntary hospital, and is dependent on other voluntary subscriptions in addition to the contributions of weekly subscribers. Comparison with other hospitals in the country show that the invested funds are below the average in amount. Extensions to the hospital are called for and will continue to be needed if the Institution is to keep up-to-date. The Committee wishes to point out that, with the assistance of the Doctors of the town, much nursing and treatment are given free in deserving cases.

### **GENERAL.**

In order to assist the probationer nurses in their preparation for their examinations, anatomical models have been provided, and a room prepared for lectures.

To make the work in the theatre more convenient and efficient, a modern operation table, with special lighting, has been installed.

It has been necessary to replace one of the washing machines in the laundry, where other replacements and additions are urgently required.

The St. Helens Rotary Club has kindly added a battery eliminator to the wireless set which the Club's Appeal Fund provided a short time ago.

## THANKS.

The Committee thanks the Matron and Staff for their loyal and efficient services, and the Committee also thanks the Doctors who have given lectures to the Nursing Staff. The Committee also thank Mr. J. Saywell, the Honorary Treasurer; Mr. Hugh E. Jones and his assistants for their work in connection with the Eye and Ear Department; Dr. Burns for his services as visiting Gynæcologist; the House Surgeon, Dr. Swan; the collectors of the Weekly Subscriptions; all the members of the new Linen Guild; those who have sent gifts in kind as well as in cash; and all who have helped in the work of the Hospital.

## CASES.

The number of Patients admitted during the year was 3,067, and the number of days in Hospital were 45,262. These figures compare with 2,546 Patients and 37,315 days in 1926.

## MATERNITY WARDS.

The number of cases admitted during the year was 420, and the number of births 378. The total number of days being—Mothers 5,368, and Children 4,385.

## MASSAGE DEPARTMENT.

The number of new cases for the year were 120 and old cases 70, and the number of visits were 4,104.

## EYE AND EAR CASES (OUT-PATIENTS).

There have been 687 new Eye Cases and 301 new Ear Cases under treatment by Mr. Hugh E. Jones.

## GYNÆCOLOGY.

This department is doing much needed work and is greatly appreciated by the subscribers.
